

LEARN AQUATIC INVASIVE PLANT SPECIES:

FREE COMMUNITY WORKSHOP

JOIN LAKE STEWARDS OF MAINE (LSM) FOR A LIVE PLANT ID IN SHAPLEIGH!

Help protect local lakes by learning how to identify aquatic invasive plants, and become part of the solution. No experience needed.

- **FREE 3-hour workshop surrounding plant identification**
- **Learn how to use a Field Guide to identify around 40 plant species**
- **Handle live plants, determine their status: native or suspected invasive**

Wednesday, June 24, 2026
10:00am- 1:00pm | Shapleigh
Community Building
24 Back Rd, Shapleigh, ME

Open to all, though
preregistration is
REQUIRED!
